

**VILAR PERFORMING
ARTS CENTER**
BEAVER CREEK

Load Crew/Stagehands– The Vilar Performing Arts Center, an active 535-seat theatre located in the beautiful Beaver Creek ski resort, has ongoing need for overhire stagehands on a show-by-show basis. Our busy seasons run July-August and December-April. We are frequently in need of loaders, stage electricians, stage carpenters and audio hands. Touring or road-house and rigging experience is helpful but not required. The ability to listen, follow directions, and maintain a safe environment is a must. We'll train the right person. Show days involve a morning call and an evening call after the performance. This job may require working long hours, late nights and lifting. Send summary of technical skills and experience and/or a resume to jobs@vvp.org. For more information about the Vilar Performing Arts Center, please go to www.vilarpac.org.
